Re: Foreign-Trade Zones 29 and 203 Applications for Subzone Authority Dow Corning Corporation and REC Silicon; Notice of Public Hearing and Extension of Comment Period, 74 Fed. Reg. 32,112 (July 7, 2009)

Dear Mr. McGilvray:

In response to the referenced notice in the "Federal Register," I am writing as the Executive Director of the Committee to Support U.S. Trade Laws ("CSUSTL") to request that I be allowed in that capacity to participate in the public hearing that is scheduled to be held regarding these applications on September 1, 2009. A list of CSUSTL's members is enclosed. The gist of my remarks will be that any grant of subzone designation with manufacturing authority should not result in non-payment of antidumping and countervailing duties under U.S. trade laws. Please let me know if you have any questions. Thank you.

Very truly yours,

DAVID A. HARTQUIST
Executive Director

Enclosure
